EDUCATION

MICROVERSE

April, 2020 – Currently

Remote Full Stack Web Development Program, Full Time

- Developed 20+ practical projects in Ruby, HTML, CSS, SQL, and Javascript, while learning from a really comprehensive technical curriculum and mastering algorithms solving.
- Experienced in pair-programming and work on multicultural environments: developing projects collaboratively, providing, and receiving reviews from/for international remote software developers.
- Mastering the use of tools such as Git, Github, and industry-standard Gitflow.

HOSTINGER INTERNATIONAL COMPANY

December, 2019 – January, 2020

Full-Time Training

- Concluded an intensive training program with 93% of technical efficiency. Including topics like Domains, Web Hosting, DNS, Mail, Database, Web Security, and so on.
- Learned at a remote and multicultural company. Mastering soft skills such as Communication, Self-Organization, Transparency, Collaboration, and Proactiveness.

Universidade Federal Fluminense

January, 2016– Currently

Degree, Mechanical Engineering

- **Undergraduate Research Project:** Implemented changes to increase the efficiency of Modelling Software for Dynamic Systems in C and Fortran. Those changes decreased the time of process and manual management necessity of the system.

EXPERIENCE

SELF EMPLOYMENT

TENERIFE, Canary Islands - Spain

Vacation Properties Management

December, 2018 – August, 2019

- With good communication skills and delivering excellent customer service, the evaluations and reviews of the house were increased by up to 20% during my management.
